

What is Journal's CrossMark Policy?

CrossMark is a multi-publisher initiative to provide a standard way for readers to locate the authoritative version of an article or other published content. By applying the CrossMark logo, Journal is committing to maintaining the content it publishes and to alerting readers to changes if and when they occur.

Clicking the CrossMark logo on a document will tell you its current status and may also give you additional publication-record information about the document. The Springer content that will have the CrossMark logo is restricted to current and future journal content and is limited to specific publication types.
